How to Complete Part 2C of the Application Withdrawal Related to an Amount Exceeding *Income Tax Act (Canada)* Limit

Complete Part 2C of the application only if you are applying to withdraw money from your Ontario locked-in account because the amount of money that was transferred from your former pension plan into your Ontario locked-in account exceeded the *Income Tax Act (Canada)* limit. (For more details about this type of withdrawal, please see the explanation at the bottom of this page.)⁴

1. How much money do you want to withdraw from your Ontario locked-in account?

If you want to withdraw the maximum allowed please check the first box. If you want to withdraw less than the maximum allowed please check the second box and indicate how much money you wish to withdraw. You cannot withdraw more than the maximum amount allowed. If you fill in a specific dollar amount and it is greater than the maximum amount allowed, you will be deemed to have requested the maximum amount allowed.

Note: To qualify for this type of withdrawal, your application must include a written statement (such as a letter) from the administrator of your former pension plan or the Canada Revenue Agency. The statement must set out the excess amount that was transferred from your former pension plan into your Ontario locked-in account.

How to Complete Part 2D of the Application Full Withdrawal Related to a Non-Resident of Canada

Complete Part 2D of the application only if you are a non-resident of Canada applying to withdraw all the money from your Ontario locked-in account, and 24 months have passed since your date of departure from Canada.

1. What was the date of your departure from Canada?

Fill in the date of your departure from Canada.

Note: To qualify for this type of withdrawal, your application must include a written determination from the Canada Revenue Agency that you are a non-resident of Canada for the purposes of the *Income Tax Act (Canada)* at the time you sign the application. If you have any questions about the written determination, please contact the Canada Revenue Agency at 1-800-959-8281.

⁴ If you are not sure what this type of withdrawal involves, please read the following explanation:

When a person working in Ontario who is a member of a pension plan terminates employment and is eligible to receive a deferred pension, that person has the right to transfer the value of the deferred pension from the pension plan into an Ontario locked-in account. The *Income Tax Act (Canada)* sets a limit on how much money can be transferred from a pension plan into an Ontario locked-in account on a tax-deferred basis. If the money transferred exceeds this *Income Tax Act (Canada)* limit, the excess amount transferred may be subject to additional tax under the *Income Tax Act (Canada)*.

Normally, if the value of a person's deferred pension exceeds the *Income Tax Act (Canada)* limit, the total amount transferred from the pension plan is divided into two portions. An amount up to the *Income Tax Act (Canada)* limit is transferred into an Ontario locked-in account, and the excess is transferred to the person in a non-locked-in form (such as cash or as a regular RRSP or RRIF).

Sometimes the portion that exceeds the *Income Tax Act (Canada)* limit is also transferred into the Ontario locked-in account. If this happens, that portion also becomes locked-in. This excess portion may be subject to additional tax under the *Income Tax Act (Canada)* unless it is withdrawn from the Ontario locked-in account. To withdraw the excess portion and avoid this additional tax, the owner of the Ontario locked-in account may apply to the financial institution that administers the Ontario locked-in account as described in these instructions.

How to Complete Part 3 of the Application Certification by the Owner of the Ontario Locked-in Account

You **must** complete Part 3 of the application in the presence of a witness. Please follow the instructions in Part 3 of the application.

Part 3 will **not** be valid for the purposes of your application if it is signed on a date more than 60 days before the date your financial institution receives your completed application.

The following is an example of a situation where you would check the box that says “**I have a spouse, but all of the money in my Ontario locked-in account was originally earned by my former spouse under his or her pension plan, and I became the owner of that money as a result of the breakdown in my relationship with my former spouse.**”

Before you signed the Certification in Part 3 of the application, you had been in a relationship with a (now former) spouse and that relationship had broken down.

- As part of the settlement with your former spouse after the breakdown of your relationship, you became entitled to a share of the pension benefits that your former spouse was entitled to through his or her employment.
- Your share of the pension benefits that your former spouse was entitled to through his or her employment was transferred to an Ontario locked-in account that you are the owner of, and none of money in that Ontario locked-in account is related to any pension benefits that you yourself became entitled to through your own employment.
- You subsequently started a new relationship with your current spouse, and while in this new relationship, you now apply to withdraw or transfer money from the Ontario locked-in account using the application.

In this situation, you do not need to get the consent of your current spouse to your application. Instead, you may check the box in Part 3 of the application that says “I have a spouse, but all of the money in my Ontario locked-in account was originally earned by my former spouse under his or her pension plan, and I became the owner of that money as a result of the breakdown in my relationship with my former spouse.”

It is a criminal offence under sections 366 to 368 of the federal *Criminal Code* for anyone to knowingly make or use a false document with the intent that it be acted on as genuine, punishable on conviction by a maximum term of 10 years imprisonment.

How to Complete Part 4 of the Application Consent of the Owner’s Spouse to the Withdrawal or Transfer

Part 4 of the application needs to be completed **only** if you certify in Part 3 of the application that you have a spouse who consents to the withdrawal or transfer of money from your Ontario locked-in account. If you certify this in Part 3, you must obtain your spouse’s consent to your application.

Your spouse is not obligated to consent to your application. If your spouse agrees to consent, please have your spouse complete Part 4 of the application in the presence a witness (someone other than yourself) by following the instructions in Part 4 of the application. You, the owner, **cannot** complete Part 4 of the application.

Part 4 will **not** be valid for the purposes of your application if it is signed by your spouse on a date that is more than 60 days before the date your financial institution receives it.

How to Complete Part 5 of the Application Statement of a Physician for a Withdrawal Based on Shortened Life Expectancy

Part 5 of the application is optional and can be completed by a physician licensed to practice medicine in a jurisdiction in Canada if you are applying to withdraw money from your Ontario locked-in account because you have an illness or physical disability that is likely to shorten your life expectancy to less than two years. (For more details, please see page 3 of these instructions regarding “How to Complete Part 2A of the Application”.) You, the owner, **cannot** complete Part 5 of the application.

What To Do Once You Have Completed All Required Parts of the Application

Once you have completed the required Parts of the application for the type of withdrawal or transfer you wish to make, please give the application and any other required document to the financial institution that administers your Ontario locked-in account. The financial institution must give you a receipt stating the date it received your completed application.

Please note that Part 3 (and, if applicable, Part 4) of the application will **not** be valid for the purposes of your application if signed on a date that is more than 60 days before the date the financial institution receives it.

Do not send your application to the Financial Services Commission of Ontario.

If you qualify for the withdrawal or transfer you apply for, your financial institution must pay you the money or transfer it within 30 days after it receives your completed application.

Please keep these instructions and a copy of the completed application and any other required document for your records. You may also wish to fill out the following information about the financial institution that administers your Ontario locked-in account:
