Subject: Continuing Education for CAAMP members

CAAMP has AMP Designation which can be obtained after you have been one years in the industry which requires you to obtain 16 credit each year to maintain your membership. Voila that is your answer, every body in the industry has to have AMP designation after a year and you the FSCO can regularly update AMPs course to meet the current concern as they arise in the industry just like the software industry sends updates PS. I will be applying for my AMP designation

Shiraz Jan - Mortgage Agent
CENTUM Pro Source Mortgages Inc.
102-880 Taylor Creek Dr., Orleans, On. K1C 1T1
